Agreement Reached on Cardinalship

BERLIN, Jan. 2.—The negotiations of the Papal Nuncio with the government yesterday concerned the clearing up of two important questions—regulation of formal diplomatic relations between the government and the vatican and recognition of the Cologne cardinalship. It is officially reported that an agreement was reached on the latter question.

One Killed, Three Injured When Taxi Is Overturned

of California, was killed by his machine turning over on him, at Eunice street and Shattuck avenue. The accident was caused by a collision between his machine and one driven by Webster V. Clark, another student, of 1014 Shattuck.

Coulter was on his way to a railroad station to meet his father, a wealthy Sacramento valley farmer, who was returning home from a business trip. According to eyewitnesses, Coulter was coming down the steep incline on Eunice street, when at Shattuck avenue his machine collided with the automobile driven by Clark. The fenders on both machines locked, causing Coulter to lose control. His auto swerved to one side and then turned a complete somersault, crushing him against the pavement.

Coulter died on the way to the Roosevelt hospital, Berkeley, in Clark's automobile.

Clark was arrested on a charge of manslaughter and later released on his own recognizance.

Mrs. Mary Roust and her husband, A. Roust, 6508 Raymond street, Oakland, were struck by a machine as they stood last night at East Fourteenth and Thirty-sixth avenue waiting for a street car. Mrs. Roust stepped down from the curb to see if the car was coming when a machine rounded the corner and knocked her down, continuing on its way. Her husband sprang to her assistance and was in turn knocked over by a machine driven by William Altenhoff, a machinist, 5649 Taft avenue. He was hooked for investigation. Both Roust and Mrs. Roust were injured, but not fatally.

THREE MEN HURT WHILE VIEWING WRECK
Nearly a score of accidents were reported last night and this morning

juries which may cause death, when he was struck in an automobile collision at Grove and Polk streets.

Steve Malcom ran his machine into a bakery wagon at 1535 Market street last night in an effort to avoid collision with a machine driven by C. H. Burge, 2318 Russell street, Berkeley. The effort was unsuccessful, however, for before hitting the window the other car was struck. Burge was slightly injured.

Run down by an automobile driven by an unknown person at Thirty-sixth avenue and East Fourteenth street about midnight, A. Roust, 57, a carpenter living at 6508 Raymond street, was taken to the emergency hospital suffering from a laceration on the forehead and a severe contusion of the right leg. After receiving treatment, Roust was taken to his home.

AUTO LEAPS WALK, CRASHES INTO WINDOW

After crashing into another machine, Steve Malcom, colored, of 945 Thirty-eighth street, sat at the wheel of an automobile, as the car hurtled over the sidewalk and broke into a large show window of a store at Sixteenth and Market streets late last night.

Malcom is confined in the city prison. His schedule at the time of the accident is questioned by the police. Authorities also charge the negro driver was carrying a revolver, concealed in an inner pocket.

Captain of Inspectors Walter J. Petersen assigned his operatives to investigate Malcom this morning. In the meanwhile the negro is not booked but is held without bail.

The machine, Malcom's car, collided with at Sixteenth and Market, was piloted by C. Burge, 2318 Russell street, Berkeley. Burge was cut and bruised by the impact. His machine was badly damaged.

When Malcom was searched, a revolver was found in his hip pocket.

BERKELEY, Jan. 2.—Mrs. Frederick Lowell, Berkeley society matron, residing at 69 Plaza drive, is suffering from contusions of the face and body as well as a severe shock as the result of a collision

HARRY NEW HELD INSANE BY U. C. MENTAL EXPERT

BY UNITED PRESS
LEASED WIRE TO TRIBUNE.

LOS ANGELES, Jan. 2.—Harry S. New, alleged murderer of Frieda Lesser, his sweetheart, is insane, in the opinion of Dr. Ross Moore, who testified at New's trial today.

"I do not believe New realized the difference between right and wrong, and believe he was insane at the time Miss Lesser was shot," Moore testified.

last night between the automobile in which she was riding and a street car at Telegraph avenue and Stuart street.

Dorothy Manley, 3 years old, is suffering from a contusion of the right shoulder following a collision last evening between two automobiles at University avenue and Milvia street. The Manley girl was riding with her parents, Mr. and Mrs. Casius Manley, 1212 Kains avenue, when their car was struck by a machine driven by Mrs. D. W. Gilbert, 1432 Hearst avenue. The child was taken to Roosevelt hospital and later to her home.

fled. Moore served as a major in the army, assigned to the work of determining mental qualifications of drafted and enlisted men, and has been connected with the University of California as an expert on nervous and mental diseases. He was the first witness called today after the reading of the lengthy hypothetical question covering the history of New's life.

Moore cast an interesting sidelight on the case when he detailed a conversation he had with New. "This man's only worry seemed to be that if he was not set free there would not be anyone to support his mother," Dr. Moore testified.

French and Spanish Instruction is Free

Both beginners and those who have had some instruction in such subjects are offered free courses in French and Spanish at the Oakland evening high school, Twelfth and Jefferson streets, beginning January 5. There will be afternoon and evening classes in each subject.

Classes in Spanish will meet on Monday, Wednesday and Friday afternoons from 2:50 to 4:30, and on Tuesday and Thursday evenings from 7:15 to 9:30. Miss Esther R. Huft of Mills College will be the teacher.

French classes will meet on Tuesday and Thursday afternoons at the same hours and also on Tuesday and Thursday evenings. Miss Belle Bickford of the Oakland high school day faculty will be in charge.

The Spanish club, organized last semester, will continue to meet once a month. Charles Berryessa of the evening class is president of the club.

Further information concerning the classes may be secured by calling at the school any afternoon or evening.

Settlement of Strike Sought at Meeting

Speakers have been announced for the women's meeting at the First Congregational church this evening at which a new effort to terminate the shipyard strike will be launched by the National Industrial Peace Association. They are to be Rev. Martin D. Smith of the church, El San Francisco; Dr. J. Roy Douglas of the department of political science, University of California; C. E. Hayes, city manager of Alameda. The meeting will be held in the lecture hall of the church, and is open to the public.

BURGLARS PRY OPEN WINDOWS TO ROB HOMES

Burglars entered Oakland homes by breaking windows, jimmying doors and climbing fire escapes and stole considerable jewelry and clothing in their hauls last night, according to police records.

A burglar smashed the window-panes at the home of Walter W. Ferris, 2339 Sixty-sixth avenue, early this morning and escaped with a quantity of clothing, personal articles and jewelry. The exact loss was not reported.

E. Galle, drawing teacher at Technical high school, complained of operations of a thief at the school during the vacation. The thief has broken into a score of lockers and the loss will total a large sum, as many expensive drawing instruments were missing this morning.

Dorothy Hopper, 2333 Wisconsin street, reported that a pickpocket and sneak thief, working in the New Year's eve crowds at Thirteenth and Washington streets, detached a silver breast pin and took her gold watch and chain, valued at \$100.

Mrs. E. Hamilton, of Albany, Cal., reported that a cloakroom thief, stole her black fur from the check room at Arcadia dance hall, while she was dancing.

CREED FRAMED FOR PROMOTION OF PATRIOTISM

WASHINGTON, Jan. 2.—Suggestions of the savings directors of the twelve federal reserve districts of the creed to be adopted by every American in the coming year as a means toward the solution of economic and financial problems, have been summarized by the savings division of the treasury department as follows:

I believe in the United States of America.

My opportunity and hope depend upon her future.

I believe that her stability and progress rest upon the thrift and industry of her people.

Therefore I will work hard and live simply.

I will spend less than I earn.

I will use my earnings with care.

I will save consistently.

I will invest thoughtfully.

I will increase the financial strength of my country and myself by government securities.

I will hold above barter the obligation my country thus incurs.

E. PALLIDANI IS DEAD AT RIPE OLD AGE OF 32

DANIELSON, Conn., Jan. 2.—The death of Eustasio Pallidani, aged 32, a Spanish black hen, said to have been the oldest hen in the United States, is announced by the owner, James Blanchard of Danville. In her youth Eustasia was a prize winning pedigreed beauty. When fifteen years old, her black plumage became white. She mothered a brood last spring and laid eggs in the fall.

Carranza Plays Tit for Tat With U. S.

WASHINGTON, Jan. 2.—(United Press)—Mexico has protested to the United States against alleged murder and mistreatment of her citizens in this country, according to unofficial advice from Mexico City today. Officials saw in this new Mexican move a policy of "tit for tat" launched with the evident intention of prolonging diplomatic negotiations and if possible putting this government on the defensive.

Carranza alleges that a Mexican section hand was killed in Texas last month and that a Mexican family of three was murdered on a ranch near Jarrell, Tex. The slayers have not been punished, it is set forth. Mexico's next step is expected to be a claim that Texas is in a state of lawlessness.

JAVA RUBBER GROWER FINDS "IDEAL" BRIDE

The solitude for his 43,000-acre rubber plantation having palled upon him, W. F. Mailliet de Puy Wenniger came to California a month ago from Java in search of a bride who would be pretty, interesting and fond of travel. He found his ideal in the delightful person of Miss Wilda Maurine Carpenter, daughter of Mrs. E. W. Carpenter of Long Beach. The wedding will take place next week and will be followed by a honeymoon across the continent and through Europe.

The romantic story was told at a New Year's party at which Mrs. Sadie Lindblum was hostess at Hotel Claremont.

Wenniger came to California with his mind made up that he would not depart until he found a bride. "It's too lonely in Java," he complained, "for an eighteen years' experience. The wilderness has no terrors for his bride-elect. The wealthy planter since arriving in Oakland has made his headquarters at Hotel Claremont, where Miss Carpenter has been a guest for the winter. Wenniger's family resides in Amsterdam.

SENATE LEADERS PLAN COMPROMISE

WASHINGTON, Jan. 2.—Republican and Democratic leaders in the Senate gave attention today to negotiations for a peace treaty compromise, conferring with various members of their respective parties.

Senator Lodge of Massachusetts, Republican leader, sent for Senator McNary of Oregon, leader of the mild reservation Republican group, and discussed with him how far the Republicans could go in modifying reservations approved by the Senate majority at the last session of Congress.

On the Democratic side Senator Hitchcock of Nebraska, party leader, conferred with Senator Swann of Virginia, a consistent supporter of the administration in the treaty fight, and Senator King of Utah, who voted for reservations in the last session.

It was understood that the article ten reservation was given the greater share of attention by members of both parties and so far neither side had advanced a solution which the other would consider favorably.

SCHOOL FUNDS' SUIT DELAYED

Investigation to determine if other methods were available of securing a restitution to the Oakland school district of money said to have been lost by the change in the taxation system of the State was begun today by President Floyd Gray of the Board of Education.

Gray had been informed by City Attorney Hugh L. Hagan of the latter's belief that a suit before the Appellate court would not be of avail.

City Attorney Hagan, writing Gray and the school board, maintained that the supervisors' refusal of the request for such restitution was final. There was no appeal fixed in the law from its decision. The supervisors on December 29 passed resolutions in which they maintained that no school district in Alameda county had ever suffered a loss by reason of the withdrawal of property from local taxation.

Gray maintained that approximately \$150,000 a year represented, for the past two years, the Oakland school district loss. Following Hagan's decision he said he would refer the matter back to the school board to determine a means to force future allowances from the county.

"It is not the purpose of the board," he added, "to attempt to secure more school funds, but to secure a reduction in school taxes in the future through forcing yearly reimbursements."

Wine Near Two Gas Victims Analyzed

LOS ANGELES, Jan. 2.—Analysis of a small bottle of port wine found near the bodies of Mr. and Mrs. Geo. B. Sinclair, former Boston couple, found dead yesterday at their Los Angeles home, presumably of gas fumes, will be made today. An inquest also will be held. The wine is at the police station and will be turned over to the city chemist for examination today.

Auto Theft Suspects Arrested in North

ROSBURG, Ore., Jan. 2.—Two men, giving the names of J. Walsh and Fred L. Johnson, are under arrest here and another, believed to be wounded, is at large, following their apprehension with a car believed to have been stolen from John Bennett, of Selma, Cal.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

Take "Dodson's Liver Tone" Instead!

If you feel bilious, headachy, constipated and all knocked out, just go to your drugist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

REVEALS PLAN TO AID U. S. IN SPANISH WAR

By WILLIAM L. MALLABAR
International News Service Staff Correspondent

LONDON, Jan. 2.—A hidden chapter in American history showing that Great Britain was ready to intervene on the side of the United States during the Spanish-American war and support the Monroe doctrine, was alleged today by Sir Frederick Ponsonby, British ambassador to the United States, in an interview with a member of the British press.

Sir Frederick is one of the foremost members of the British bar and assisted in drawing up the indictment against the ex-kaiser. His revelation regarding Anglo-American relations was made in the course of an interview in which he strongly defended the league of nations covenant.

"I notice that there has been considerable talk in America regarding the Monroe doctrine and the claim has been made that there is some chance that England might take advantage of the league of nations reservations and try to upset this doctrine. I wonder how many Americans are aware of the fact that England always acknowledged the basic right of the United States to enforce the Monroe doctrine while the other powers did not do so.

"Nor do I suppose it is generally known that during the Spanish-American war of 1898, England backed the United States in this matter of the Monroe doctrine. There was a conference of European powers and it was then suggested that pressure should be applied to America in order to force her to stop her victorious conquest of Spain. The other powers were plainly told by England that if America was interfered with, it would result in the intervention of England on America's side and that instead of America being alone against Europe, it would be England and the United States side by side."

Former British Ambassador Dies

LONDON, Jan. 2.—Sir Cavendish Lascelles, British ambassador to Germany from 1895 to 1908, died here today. He had been minister

to Rumania in 1886 and to Persia in 1891 and ambassador to Russia in 1894. He was born March 22, 1841.

Although snow never falls here, Oakland's New Year's revelers know how to make good use of it when they have it. Here is a crowd of Oaklanders getting in on the snow battle on the shores of Lake Merritt yesterday, when a carload of "the beautiful," imported for the occasion from Truckee, was unloaded. MISS MAUD WICKSTROM and MISS MABEL WICKSTROM, 5823 Seminary court, are sisters and that is why they enjoyed "pasting" each other with the snowballs as shown in the picture.

WOMAN FIGHTS FIRE; SAVES SON

LOS ANGELES, Jan. 2.—Beating out the flames with her bare hands, Mrs. Pauline Waronker saved the life of her son Simon, 5 years old, here early today, and received severe burns about the hands and arms. The boy's clothing was ignited from a gas heater.

Hearing is Set On Rail Spur Extension

Hearing of the application of the Federal Wool Manufacturing Company for a spur track to connect the company's plant at Fifty-fourth avenue and East Fourteenth street with the Southern Pacific tracks near the Meiruse station is to be heard before Commissioner Martin next Friday, according to notification served on the city council today by the state railroad commission.

The council has already granted its permission for the construction of the spur, which will extend from Forty-seventh to Fifty-third avenues. The city will be represented in the hearing by a member of the city attorney's office.

LIFE INSURANCE MAN DIES

MONTCLAIR, N. J., Jan. 2.—Elihu E. Rittenhouse, assistant secretary of the Equitable Life Assurance Society and formerly insurance commissioner of Colorado, died here today.

BERKELEY STREET OPENING HALTED BY COUNCILMAN

BERKELEY, Jan. 2.—J. W. Wallace of the Omar Aviation Company, was ordered to stop work on his temporary opening of a street by Councilman George Schmidt when Lieutenant Harvey R. Oids, a rival aviator, told Schmidt that the new street cut directly through Oids' field, destroyed its value as a landing place for airplanes.

The two aviators have rival commercial aviation companies. Oids recently leased a field at Eighth and Harrison streets and proceeded to develop it as an air field. Wallace had leased a fifty-three-acre tract, a part of the Gill nursery lands.

Wallace applied to Schmidt for permission to open a continuation of a street and to build a bridge across Cordones creek, and the permission was granted.

The city council will investigate before Wallace is allowed to continue the street work.

British Would Pay Debts With U. S. Coin

LONDON, Jan. 2.—The origin of the report that Sir George Paish, former British economist, is in the United States to borrow \$13,000,000,000 was explained by the Daily News today. The Daily News said that before he departed for America Sir George stated that \$13,000,000,000 would be required in Europe for the repayment of existing foreign debts and the restoration of credit of the European powers.

BORAH QUESTIONS LOWDEN ON PACT

WASHINGTON, Jan. 2.—Efforts of "irreconcilable" senators to make and keep the League of Nations an issue in the presidential campaign were under full headway today. Senator Borah, Idaho, sent a letter to Governor Lowden, of Illinois, asking Lowden to state his position on the league. Similar letters will be sent other candidates.

"Do you believe," Borah asked, "that the time has come when we should abandon the policy of no entangling alliances, no partnerships with European powers, and enter into alliances or understandings with those powers?"

"If you should be nominated and elected president, would you exert your influence and the influence of your administration to maintain the foreign policy which the United States has adhered to for a hundred and fifty years, or would you consent in any way to its abandonment or to its substantial modification?"

Borah cited the killing of American soldiers in Russia as an instance "of what is to happen should we conclude to abandon our traditional foreign policy."

LODGE RAPS FOES OF SPIRITUALISM

BY UNITED PRESS
LEASSED WIRE TO TRIBUNE.
LONDON, Jan. 2.—The church should "cast off its hard shell of doctrine" and investigate, or at least keep an open mind toward discoveries of spiritualistic phenomena, Sir Oliver Lodge, British scientist, asserts in an article to be published in the next issue of a British philosophical quarterly.

Lodge criticizes vigorously the attack on spiritualism that featured the Leicester church congress. The church, he says, already has discarded its old beliefs in the "fixity of eternal fate at death or in two extreme regions in the hereafter," but has not yet constituted for itself a new creed of equal strength.

INVESTIGATION URGED
The scientist recommends that the church investigate claims of communication with spirits, adding that if "ministers really open their minds to the evidence, if they examine the proofs carefully and without prejudice, they surely will be guided in the direction of truth."

It will be the miracle of this nation," he said, "to find that we can communicate with the dead."

"Our friends on the other side are not so far away from us. They are removed from the range of our animal sense organs, that is all. If the truth be as it certainly is, that death makes no sudden change in personality or character, if existence and only surrounding conditions change, even that change being not nearly so great as has been anticipated, then there is nothing especially holy or profoundly painful, or even unduly solemn in the thought of communicating with the dead."

WILL VISIT AMERICA

While he recognizes that the church is not free to explore new regions of thought, Lodge urges it to investigate and define its attitude by proofs.

Sir Oliver will soon leave for the United States on a lecture tour.

Soup in Open Air

Unclean, Says Solon
BERKELEY, Jan. 2.—Alas for the poor "sandwich" lady. Her dab in Berkeley was doomed this morning by the city council.

Mrs. Lucile L. Drury, who resides at 432 Fortieth street, Oakland, asked permission of the council this morning to install a sandwich wagon at Telegraph avenue and Allston way to cater to the college trade.

Building Inspector Robert Craig disapproved the plan, and the council added their rejection.

"Too many germs," declared Councilman George Schmidt. "You can't serve clean soup in the open air."

Man Set Upon by Four Knife Wielders

Police are investigating circumstances of an attack upon P. J. Berner of 1025 Market street last night at Eleventh and Broadway.

Berner was severely wounded by an unknown assailant who wielded a long stiletto. A cut on the neck and face eight inches long was inflicted. Berner was treated at the emergency hospital.

According to witnesses interviewed by the police, Berner was set upon by four Greeks or Slavs. Berner said the knife-wielder leaped upon him with no cause whatever. The attack upon him is a mystery, he asserts.

Daniels Reports on Awards Tomorrow

WASHINGTON, Jan. 2.—Secretary of the Navy Daniels today stated that he would submit a full report on the award of naval medals to Senator Pacer, chairman of the naval affairs committee of the Senate, tomorrow.

The report will include the names of four thousand or five thousand men recommended for decorations, a list of the ten or more ships attacked by the submarines and the personnel of the crew and a full report of the work of the board of awards and the action taken by the secretary on the report.

BARKING DOGS SAVE LIFE OF FREEZING OWNER

OMAHA, Neb., Jan. 2.—Attracted by the barking of her four dogs, police this morning found Mrs. Harriet Bemis, 55, widow, of George P. Bemis, former Omaha mayor and wealthy real estate man, almost frozen to death in a deserted house. She told police she had been waiting in the house for two days for an army captain who was to come and claim her as his bride. In her delirium she believed the captain—a well known officer stationed at Fort Omaha—was to marry her New Year's day, and that General Pershing was to be best man. Secretary of War Baker and General Peyton C. March were to be present, she believed. She is being examined by the sanity commission.

Stranded Vessels Pounded by Seas

BY INTERNATIONAL NEWS SERVICE.
LEASSED WIRE TO TRIBUNE.
BOSTON, Jan. 2.—Heavy seas today were pounding a steamer and three schooners stranded on the New England coast. The steamer Willpolo is fast in the shifting sands off Monomoy Point, Cape Cod.

The Willpolo, formerly the Yapan hank, was bound from New York to St. John, N. E. The crew declined offers of coast guards to be taken ashore.

The three-masted schooners Charles H. Trickey and Mary E. Olys were fast on the rocks outside the Spindle at Cape Porpoise, Maine. Hope of saving the two crafts has been given up.

Alleged Anarchist Faces Deportation

Deportation proceedings may be inaugurated against David A. Graham, who is facing a charge of criminal syndicalism, according to Inspector Penton Thompson, chief of the "loyalty squad."

The case of Graham was called this morning in the court of Police Judge Mortimer Smith, but Graham failed to appear. He was arrested several weeks ago and released on his personal recognizance.

Thompson said in court this morning that Graham had been in this country only a few years and had long been marked for his revolutionary activities. Judge Mortimer Smith issued a bench warrant for his arrest.

SOLDIER SLAIN IN GUN FIGHT

EL PASO, Jan. 2.—Private P. H. Crie of the Nineteenth U. S. Infantry is dead and Constable Sam Stepp is momentarily expected to die as a result of a pistol fight last night when Stepp attempted to arrest two soldiers.

Stepp said the soldiers had been pointed out to him as participants in a hold-up of the night before. Private R. Gaddy of the Nineteenth Infantry was arrested and is held for investigation. The soldiers were stationed at Camp Courchesne, north of El Paso.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, glowing with health, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, sunken or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on the package. —Advertisement.

Miss Chamberlain Is Bride on New Year's Day

A New Year's wedding which came as a pleasant surprise to the younger set was that of Miss Harriet Chamberlain, University of California coed, and William Johnston Edinger of Sacramento, the service taking place at 8 o'clock in St. Clement's chapel, Claremont. Witnesses to the ceremony were a large number of friends and relatives of the couple and the ritual read by Rev. Father Augustus P. Martyr, of that church.

The bride was crowned in ivory satin trimmed in Brittany lace. The bride veil of tulle formed the court train.

Mrs. Edinger was attended by her sister, Miss Myrtle Chamberlain, and Miss Millie Rogers as bridesmaids. The bridesmaids wore blue and white satin, respectively.

Porter and Ray Himes served as groomsmen at the wedding, while the ushers were E. Chamberlain and Thomas Chamberlain.

Thirva Birdsell was the little flower girl, and the ring bearer was Senator and Mrs. E. S. Birdsell of Auburn.

The betrothal of Miss Chamberlain and Edinger, who was then a captain in the U. S. Army, was announced at an elaborate luncheon given at the Hotel Oakland a few months ago.

The bride is the daughter of Mrs. L. Chamberlain, who is now residing in the Chamberlain home in Auburn, California. When in the service, she was stationed in France, was with the motor transport corps. He is a son of Mr. and Mrs. Frank Edinger of Sacramento.

Both the bride and groom are graduates of the State University. Edinger was a Delta Gamma at college and her husband a member of the Phi Gamma Delta fraternity.

BETROTHAL TOLD AT LUNCHEON

At a luncheon given at the home of the parents, Mr. and Mrs. Howard E. Wright, 1717 Broadway street, Mr. and Mrs. Wright told of her engagement to Henry Allyn Wood, son of Mr. and Mrs. E. H. Wright of Berkeley. Cards announced the betrothal of the couple to a larger number of friends.

Miss Wright, who is a member of the Alpha Phi sorority, attended Vassar during her freshman year, but later returned to the State University to complete her studies. Wood is a member of the Alpha Phi Omega sorority and the Pi Kappa Alpha fraternity.

Another betrothal of a Berkeley girl was that of Miss Mary Mrs. daughter of Mr. and Mrs. S. M. Marks, and Stanley Dickover of Santa Barbara. The bride-elect is the son of Dr. and Mrs. J. J. Dickover of Santa Barbara.

News of the betrothal was told at a tea given in Miss Marks in honor of Miss Elsie Sinnock, fiancée of Ronald Robinson, Tuesday afternoon. Miss Marks is a member of the Alpha Chi Omega sorority and the Pi Kappa Alpha fraternity. Her fiancé is a member of the Kappa Alpha fraternity.

DINNER IS GIVEN AT FAIRMONT

In honor of friends from New York, Mr. and Mrs. E. H. Clark, a dinner party was given Tuesday evening at the Fairmont hotel by Mr. and Mrs. Charles W. Merrill of Berkeley. Places were set for two dozen guests and those present besides the honor guests were Mrs. Warren Olney, Dr. and Mrs. Lyman Wilbur, Colonel and Mrs. David M. Barker, Mr. and Mrs. Herbert Hoover, Mr. and Mrs. Duncan MacDuffie, Mr. and Mrs. Warren Gregory, Mr. and Mrs. A. Magee, Mr. and Mrs. Charles Bentley, Mr. and Mrs. Philip Bradley and Mr. and Mrs. C. Bradley.

For the benefit of St. Leo's church, a dance will be given at the Hotel Oakland the evening of January 10. It will be one of the largest benefit affairs of the month.

Invitations have been sent out for January 24, when Mr. and Mrs. Charles Albert Westenberg will entertain with a reception at their home in Benvenue avenue.

REVELATIONS OF A WIFE

MADELE GARRISON

(Continued from yesterday.)

Why Malgo Felt Apprehension Over the Telegram.

(Signed) "HANNAN SPICER."

I folded the telegram mechanically, waited a moment before I spoke. I am not generally exclamation-prone, but I was so excited since my association with Lillian, the service I have tried to imitate her impetuousness.

"I wonder who engineered her release?" I said. "Surely, no real friend could have wished Lillian's exasperated look and my own intuition flashed the truth upon me simultaneously. I broke off my own conjectures abruptly."

"That Grace Draper was the accommodating 'woman friend,'" finished Lillian. "Surest thing you know. Don't you remember at the time the Alibi creature was circling around Marion she emitted some words that showed she had a surprising and uncommon familiarity with the doings of Draper and her gang?" She's just the sort of nut Draper could make use of in her personal enmity to you. I'd give a good deal to know how long she's been away from the sanitarium. How much that she's had, and I don't want to phone the sanitarium, too many chances for eavesdroppers."

"From what Katherine has told me of her friend, Miss Spicer, the head nurse in the sanitarium, I'm sure she sent the telegram the moment Mrs. Alibi left the place. I replied with as much calmness as I could manage for the prospect of Grace Draper and her gang's league against me was a terrifying one. 'Couldn't you find out the hour the telegram was sent from the sanitarium?'"

Lillian flashed me a glance that made me flush consciously. "If you could realize how you're developing lately, Madge! she said approvingly. That's a corking suggestion, and I'll get busy on it at once."

She hurried from the room with the prompt action which always follows any determination of hers, and she didn't return for a long time. When she finally came back her face was aglow with the triumph of achievement. Mine must have reflected the nervous anxiety which had been with her since she was gone, for she scrutinized me narrowly as she spoke.

"The wire left the sanitarium at 11 o'clock this morning," she said. "If your estimate of Miss Spicer is correct, our lady probably left there just before that hour, so as the Draper is probably taking care of her, she'll hardly have started any-

I want to be square to myself. I never did have that 'I am a worm feeling' and this year I'm going to 'do myself proud' because I think that's MY job.

myself. I didn't write a New Year Cheer-up because everyone else was doing it. Those January 1 resolutions were all made to be broken, anyhow, so what's the use of adding to the confusion? But all over I want to tell you what I've been thinking. I have been making out a list of the things I'll try to be this year. It isn't a list of the things I'd like to be, I gave that up long ago. I'd like to be patient and refined and gentle and tidy and punctual and polite at breakfast. But it's no use. You might as well try to put a march wave on an Alfreddo terrier as to wish those virtues on to me. No, I'm just picking out the things that give me a sporting chance of success—and of all the hundreds of things that a person might try to be, I have set my heart on two:

I WANT TO BE SQUARE.

I WANT TO BE KIND.

I want to be square to God, and to myself, and kind to my neighbor. I don't know much about a faraway theological God—and I don't know much about the other old fields that are just turning green, in the crowded streets where people are hustling about on all sorts of adventure, in my quiet room when the work is done and I have time to rest, I'm finding God every day. I don't mean something mystical and awesome, though I know that's the accepted sort of a God to find. I mean the feeling that there's a Big Power there that's mighty friendly to me—a feeling that Life is a wonderful shining thing full of surprises and excitement and content—although a bit sooty on the surface—and that all of it is MINE, given me by the Big Powers. That's my feeling about God. And I want to be square to myself. I want to be able to get beneath the sooty surface into the ever new heart of things. I don't want to get hardening of the imagination. I want to be square to myself. I never did have this "I am a worm" feeling. I'm extremely fond of myself. I firmly believe that I am a wonderful piece of creation with endless possibilities, thanks to that same Big Power that's packing me. And although I haven't done much so far to improve on the original job, I want to this year. I'm going to stop picking out the safe and easy and pleasant things—and go in for the hard jobs that are worth while. I'm going to try to stop this business of making excuses for myself, and handing myself compliments that I don't deserve—and look with an honest eye on how TRULY BIG my life might be and how really small it is. I'm going to get under my own load and carry it all by

thing yet. Now what's to be done next?"

I wouldn't have answered the question even if I could have evolved a plan, for I know Lillian's habits of thought and speech fairly well—the question is one she frequently addresses to the empty air when she's planning some course of action. I was not surprised to see her cup her chin in her palms immediately afterward and gaze into space, sure sign that she wished no interruption of her thought.

"Tell me again, slowly, every word Harry said to you the other day," she demanded suddenly, looking up at me keenly.

I had already fully described Mr. Underwood's visit, omitting only the personal note he had pointed. Her peremptory request now left me no recourse but to supply the omitted portions of my story. I did so, my cheeks burning. She listened in silence, then looked at me searchingly. "Sure you've put it all in a story," she asked, and there was a twinkle in the question.

"Absolutely," I returned laconically.

"Remember, Madge, there's no such thing as a personal note in this world," she said quietly. "The confirmation of my theory of Harry's attitude of mind toward you is the result of my interview, only capped in importance by the revelation that the Draper knew of the trick watch and the paper in it."

She spoke so impressively as if the man of whom she was talking had been the merest acquaintance instead of her husband. I marveled anew at her wonderful power of absorption in her work, her ability to divest herself of every hampering emotion. But I had no opportunity for analyzing her mental processes. She brought me back to reality with a jerk.

"I must close this house temporarily and we must get to Marvin as soon as possible," she said. (To be continued.)

HOUSEHOLD HINTS

SAVE GARMENTS.

Outer garments which are given careful attention wear so much longer and look so much better than those which are neglected that time used in caring for them is well spent.

The following hints for their care are given by home economic experts in the United States department of agriculture.

Hang outer garments carefully when not in use. Plenty of rods and hangers save space and prevent wrinkles.

Keep covers over delicate garments or others worn only occasionally to protect against dust and rubbing. Do not keep partly soiled garments in an unshared place. They are likely to become discolored.

Fold carefully all garments kept in drawers or boxes.

In putting garments away for the season, guard against wrinkling, stretching, fading, and insects. Fold so that creases will correspond as far as possible with the folds into which the garment falls in use. Do not allow weight to rest on folded garments. Garments of firm materials may be left hanging if carefully covered against dust and insects, but silken materials, heavily trimmed garments, and circular skirts are likely to become misshapen by their own weight. Keep in the dark to avoid change in color.

Removable and washable collars, cuffs and linings save cleaning in women's dresses, waists and coats.

Club Women Will Work for League Covenant

By EDNA R. KINARD

The Twentieth Century Club of Berkeley has thrown down the gauntlet. Whatever comes it has declared that it will support the executive board of the California Federation of Women's Clubs in the resolution which was adopted in support of the League of Nations and peace covenant. Therefore when the clubwomen assemble on Tuesday in the Derby street clubhouse there will be offered the memorial to congress signature booklets which they will be urged to sign.

The January calendar of the organization, of which Mrs. Aaron Schless, president of the California Federation of Women's Clubs, is a former executive and is still an active member, carries the interesting announcement that the effect that the executive board of the state body at a recent meeting decided what a great majority of women of California would do. This set was the asking for a speedy ratification of the peace treaty. Emphasis is given to the fact that the club leaders.

Northern district women are dissatisfied with a resolution which endorsed the proposed peace treaty and it would not be a surprising event if the state body would find its way before the state convention in May.

—An American woman—the Viscountess of Alington—was one of the handsomest and most popular women in London society. She is the daughter of J. H. Hildy, a well-known secretary of the United States Embassy in London.

Coincidentally with the new year, the California Federation of Women's Clubs, considerably abbreviated over previous issues yet retaining many of its most signal features. Reduced from 64 to 48 pages, it has been necessary to omit the constitution and by-laws, reprinting of programs, reports of section convocations, and to compress officers' reports into the smallest possible space. Sixteen membership registers. In increased costs may readily be found the reason for the change.

A dramatic racial is announced for the opening program of the new year when on Tuesday following the business meeting, Mrs. Oscar Mallard Bennett, president of the Speech Arts Association of California, will present the Abraham Lincoln of John Drinkwater. With the business session changing to 1:45 p. m. it has been found advisable to urge all members to a prompt attendance.

Queen Arnold, commercial attaché to China, will offer a stereoscopic lecture on travels in China following the January luncheon on Tuesday, the 20th. With Mrs. Arnold as will be the guest of honor.

Of the 77 queens that France has had, eleven were divorced, two legally put to death, nine died young, seven were widowed early, three cruelly treated, three exiled, while the rest were either poisoned or died broken-hearted.

To Miss Gail Laughlin, president of the California Girls' League, who is

spending the holidays in her former home in Portland, Me., there has gone New Year's greetings from the important body of which she is leader as well as from San Francisco center. "May every day of the coming year be as happy for you as that day when we welcome you back to California will be for us," is the message which has gone from the state league to their leader, who is so deeply admired for her ability and keen powers. Miss Laughlin is planning her return for the late March.

FIXING MILK PRICES.

One very interesting fact has been thrown on
the screen during the recent agitation over the
price of milk and the investigations now under
way to ascertain the truth of the claims of the
milk distributors that they must charge con-
tinually higher prices. It has been stated to
the investigators, and there is not the slightest
reason for doubting the truth of the statement,
that some dealers have shown a willingness
have even made their plans—to sell milk to the
consumer at a lower price than ordered by the
combination of milk producers, but have been
forbidden to do so.

They have been served with a threat that if
they violated the price schedule of the price-fixing
association they would have their supply of milk
cut off.

This would seem to indicate that the actual
producers of milk and the retail distributors are
at the mercy of a few individuals who constitute
a board of manipulation that exists for profit
taking purposes only. When any individual, or
group of individuals, say to the dealer in a vital
food commodity that he shall not be content with
furnishing that commodity to the public at a
reasonable profit, but must demand a higher
profit than he deems just and sustaining, the
operation has all the appearance of an illegal
combination in restraint of trade and for the
bleeding of the public.

The milk producers' association is a creation of
Colonel Harris Weinstein, State Market Com-
missioner. It is his idea, his contribution to the
burdens of the consumers. He now voices the
poor cry that he has no control over it. Perhaps
it has outgrown the need for the Market Com-
missioner's benevolence, but he brought it into
the world and nourished and defended it until
it no longer needed his assistance.

We do not say that the prices set by the
gentlemen who control the milk supply of central
California are unreasonably high. To do that
would call first for an investigation of the cost
of production and distribution, which THE
TRIBUNE has not conducted. But it is to be ob-
served that when these manipulators forbid a
retailer to sell his goods at a price lower than
they name, although that price may mean extor-
tion against the consumer, there is something
obviously wrong. Not only does the milk pro-
ducers' association indulge this practice, but the
poultry producers' association, another part of
Colonel Weinstein's, does likewise.

Governor Stephens will do nothing to give the
people a Market Commissioner to serve the con-
sumers as well as the producers and profiteering
middlemen. The State's Attorney General
claims that he can find no authority of existing
laws to punish practices which unduly burden the
consumer. The federal authorities might now
consider the case of the milk producers as a pos-
sible subject for proceedings under wartime legis-
lation.

A SAD SITUATION.

Secretary of the Treasury Glass has resigned
and on January 3 will take up his duties as a
member of the Senate from Virginia. Secretary
of the Interior Lane has announced his intention
to resign within a very short time. Mr. Hedford
and Mr. Gregory have quit the cabinet and
Colonel House has not been permitted to see the
President since he returned from Europe two
months ago. Mr. Glass is the ablest of the men
who have held cabinet positions under the pres-
ent administration and many are disposed to
place Mr. Lane second.

These changes have led the Washington cor-
respondent of the Boston Herald to observe:
"The cabinet has gone to pieces for all practical
purposes, for it cannot agree upon any policy con-
ceived for the good of the whole people and not
one particular class." There is apparently much
truth in this estimate. Although the unexpected

may happen, it is not likely that the President
will select men to succeed Mr. Glass and Mr. Lane
comparable to these gentlemen in ability and the
respect they commanded. A cabinet position does
not invite such men at this time.

Whoever is appointed will, according to all po-
litical signs, be permitted to serve only one year
at most. And it is destined to be a difficult year
for those who must bear the burden or deserved
reproach for administration mistakes. It might
be unfair to say that those cabinet members who
have quit wanted to leave the ship because a
squall was coming up, but their conduct has all
the earmarks of quitters. With a \$5,000,000,000
budget and a \$3,000,000,000 deficit in store for
1920, all is not going to be as pleasant as when
the public had its mind centered on war activities
and was unimpaired of the government's derelic-
tions.

Whether Colonel House has been deliberately
sidetracked by the President, after serving in so
many confidential matters, without the authority
of law, or whether he has stayed away from the
White House on his own volition, is not definitely
known. But to all appearances Mr. Barney
Baruch, Wall street speculator, and Mr. Joseph
P. Tumulty seem at present to be the ruling
figures in the national government. After making
all allowances for the President's unfortunate
illness it is not a pleasant situation.

A NEW LEGAL TENDER.

After many years of an inconsistency in the
national currency system Congress has finally
passed a bill making gold certificates legal tender.
The House acted favorably on the proposal within
five minutes after Representative Platt, chair-
man of the committee on banking and currency,
had presented it, but the Senate took nearly a
full day to debate it.

Most of the people have thought that gold cer-
tificates issued by the national treasury were
legal tender and to nearly all practicable pur-
poses they have been. But there have been fre-
quent cases where tricky lawyers have refused to
accept them when offered in payment of an option
or contract in court proceedings, cases where his
clients wished to worm out of their contract. In
such instances it has been necessary for the re-
spondents to proffer gold coin or greenbacks and
United States notes. This was a rather absurd
kink in the laws, since the gold certificates call
for so many gold dollars deposited in the treasury.

But now the procedure will be more simple. The
new act reads:

"Be it enacted . . . that gold certificates of the
United States payable to bearer on demand shall
be, and are hereby, made legal tender in payment
of all debts and dues, public and private.

"Section 2. That all acts or parts of acts
which are inconsistent with this act are hereby
repealed."

It is explained that the new law was enacted as
a means of relieving the present shortage of \$1
and \$2 bills. There are no gold certificates in
existence of a less denomination than \$10 and
the great bulk of them are larger, up to \$10,000.
Obviously these certificates cannot be directly
used to increase the supply of smaller bills. But
indirectly making them legal tender is expected
to accomplish that result, because the banks can
use them to meet the occasional demands for legal
tender and send in their high value greenbacks to
the treasury, which can at once replace them with
bills of smaller denomination.

The Treasury has already printed a large sup-
ply of \$1 and \$2 bills, said Mr. Platt, but they can
only be issued in place of the higher value bills.
As soon as the new law is approved in conference
and signed by the President enough of the high
value bills can be secured from the Federal Re-
serve Bank to enable the treasury to put out a
sufficient number of the small bills to afford con-
siderable relief to the demand for currency of
smaller denomination.

Of course this improvement of the laws re-
garding legal tender currency is of only academic
interest to the great majority of the people. For
it will still be necessary, as before, for most of us
to work for the \$1 and \$2 bills before we obtain
possession. But the incongruity of a treasury
gold certificate payable on demand not to be legal
tender for the payment of any debt for which gold
coin is acceptable has been removed.

Sir Arthur Conan Doyle's alleged message from
the realm of departed souls to the effect that it is
not dry there will serve to take much of the sting
out of death for those who believe in spirit com-
munication.

TENDER HEARTS RAISE TAXES.

There are employed in the various departments in
Washington about 110,000 clerks, which is 50,000 more
than were employed before the war. Congress has
been unable yet to agree upon means of taking off the
payroll the names of the 40,000 clerks not needed
under readjustment conditions. It has offered to
pay transportation expenses to clerks who separate
themselves from public service in the capital and go
to their homes, but there have been no noticeable re-
sults. The problem has been a sticky one, and it will
not be solved until the names of the 40,000 surplus
employees are taken off the payroll. The net re-
sulting sum of more than \$4,000,000 a month. The
cabinet comes of course, through Congressional tender-
loving-kindness. Thousands of the unnecessary employees
are popular in their home district, and that their ap-
peals to their representatives and Senators not to be re-
duced from Uncle Sam's payroll have been successful
and cause for wonderment.

Representative Madden said recently that in "the
most hours in the day" he saw "groups of clerks
standing anywhere from ten to ten in a group, with
no other business than to stand there, and not a business
man or a woman passing by them."
The cost for the taxpayers, but members of Con-
gress and clerks might do in primary and
secondary schools in Washington in bad humor, and
Congressmen would hold their own jobs if they can.

NOTES and COMMENT

Scotch societies in New York have
passed resolutions demanding the
elimination of Shakespeare's "Mac-
beth" from school curricula on the
ground that it was a libel on the
Scotch. Since Scotch whisky was
banished from America Scotchmen
do not propose to silently put up with
further indignities.

The San Francisco Board of Super-
visors are told in a financial sum-
mary laid before that body how the

SPIRIT OF THE STATE DEPT.

Those men who are selling poison
hoax over in Valona for nine dollars
a quart are said to be somewhat in-
censed against this paper for expos-
ing their little game, and offering to
furnish evidence of the fact of lam-
breaking to the Federal authorities.
Probably they want to be permitted
to poison their fellow men for
their own profit. However, the
facts remain as stated in this paper.
There are two hell hounds over there
where poison booze is sold at nine
dollars a quart—or twenty-five cents
a drink. If you have any special
desire to die, or to commit murder,
you may go over and prime yourself
at either one of the places.—Crockett

BE COUNTED.

To the Editor of The Tribune:
San Francisco knows how when it
comes to census taking. They seem
to have a well-organized plan where-
by the fullest publicity will be given
this important subject to the end
that as full a count as possible may
be had. San Francisco wants 400,
000 and expects every man to do his
duty.

The TRIBUNE'S files for 1919
will show that some difficulty was
encountered in taking the Oakland
census, whether because of a short-
age of census workers or for some
other reason, do not remember.
Your files for that period will tell.
However, I do remember that the
population of 150,000 afterward
enrolled to Oakland was much less
than we had anticipated, although
no doubt the previous estimates were
too high.

San Francisco is making every ef-
fort to educate her people about the
census and Oakland can afford to do
no less. I venture to say that half of
our people do not know that the cen-
sus is about to be taken. While many
through ignorance will be suspicious
of the census man and may try to
avoid him. The only means is to
plunge through every means available.
This matter is so important to the
city and welfare that I should like to
see a few more well-armed men
being taken. I should like to see an
organized campaign under way right
now that would tie with some of the
brilliant Liberty Loan drives.

HEALTH and HAPPINESS

What Science Has to Say
About 'Giant-Making' Gland

By DR. LEONARD K. HIRSHBERG,
A. B., M. A., M. D.,
(Johns Hopkins University.)

Beneath and in the floor of the
brain there hangs a little pear or
bell shaped unit of tissue called the
pituitary gland or hypophysis, which
has the power to make giants of
dwarfs, big-boned men from lean
ones, infantile old men and weaz-
ened, old children. This gland has
a double, a front part which origi-
nates from the roof of the throat
and is composed of large particles
of tissue and a smaller back lobe
which arises from the floor of the
brain.

The once-honored brain with its
fibres and gray matter was sup-
posed to have much to do with feel-
ing, sensation, perception and judg-
ment. It is now known that the
various glands, particularly the
pituitary, the thyroid, the adrenals
and others, have more to do with
feelings, emotions, senses and mus-
cles, with perception and judgment,
than has the brain.

Complete removal of some of
these glands, especially the pituitary
is fatal. Partial removal stunts the
growth of the young, produces
obesity and infantile-like under de-
velopment.

Giants and near-giants, such as
those with huge bones, seem to have
disorders with their pituitary glands.

The injection of an extract made
from these glands of sheep, calves
and other animals causes a rise in
the blood pressure.

Disabilities of the pituitary gland
are not as clearly separated as they
are in the thyroid, to wit, into the
effects of deficiency and excess. All
glands, however, appear, as Dr.
Sajous discovered more than fifteen
years ago, to be closely associated
to each other. Trouble in any one
is apt to call for a ready adjustment
in the activities of the others.

The location of the pituitary or
hypophysis is such that a blow on
the head or pressure even in distant
places may injure it or alter its ac-
tivities.

Pictures taken with an X-ray ma-
chine will often show distortion of
the saddle of the nose upon which a
diseased hypophysis rests.

An increased size of the face is
associated with a disorder of the
pituitary. The essence of this mal-
ady is "hyperpituitarism" or "too
much action by the gland, which, if
it begins in the teens, may lead to
gigantism."

Use of extracts of blood made im-
mune to pituitary or an operation
upon the gland helps in some in-
stances.

Miniature men and women on the
other hand, are at times traceable
to under development or disease of
the pituitary. Infantilism is a dif-
ferent state and is due to incom-
plete development with prema-
ture decay.

Evidently, many so-called injuries
to the base of the brain may really
fail to hurt the brain and yet dam-
age the pituitary gland. This has
been demonstrated by the subse-
quent effects on growth and blood
pressure.

Pasqual (Pat) Kisich, Restaurateur, Is Dead

End Comes Suddenly For Proprietor of Saddle Rock

PASQUAL KISICH

Pasqual (Pat) Kisich, restaurant
proprietor in this city for more than
a quarter of a century and one of
the best known restaurateurs on the
Pacific Coast, died suddenly early
today of heart failure at his home,
274 Park View terrace. His death is
felt as a personal bereavement by
the many persons who had been as-
sociated with him in civic, industrial,
patriotic and fraternal ways in the
Eastbay cities.

Kisich was taken ill at midnight,
and his family summoned Dr. T. D.
Devine, Dr. O. D. Hamlin, for a look
time a close personal friend, was
called in consultation. The physi-
cians' efforts were without avail.
Death ensued in a few hours.
The oldest son of the deceased,
Oliver Kisich, a junior student at
Stanford University, who had been
visiting at home over the holidays,
was about to leave to return to col-
lege when his father was stricken.
He is arranging for the funeral, the
time of which has not yet been set.
Kisich is also survived by his
widow and two other children. These
are Deatrice, a pupil at Sacred
Heart Convent, and Pasqual Jr.
Kisich was a native of Ragusa,
Dalmatia, from which city he came
to this country thirty years ago, and
to California and Oakland soon
afterward. After a brief employment
he established himself in the restau-
rant business here, opening the Sad-
dle Rock restaurant on Broadway
about 1880. Subsequently he re-
moved his business to Thirteenth
street, where, with steady improve-
ments, he had maintained it as one
of the leading resorts of the bay re-
gion to the time of his death.

During the time of the war Kisich
devoted much of his energy to war-
time activities. He was a member
of the Chamber of Commerce and
the Rotary club, and served as chair-
man or active member in the Liberty
Loan and other drive committees of
both organizations. His lodge affil-
iations included membership in both
the Elk and Moose lodges of Oak-
land.

BROADWAY NEW YEAR'S HAUNTS BOYS IN BERLIN

BERLIN, Thursday, Jan. 1.—
In the midst of the merry-making,
incident to Berlin's second after-
the-war New Year's eve, thoughts
of "Arid" United States occurred
to Americans who are in the city.
Every now and then, at the Adlon
and Bristol hotels, where Ameri-
cans assembled, some one was
heard to remark:
"I wonder what they're drinking
on Broadway tonight."
Berlin did not suffer any dearth
of beverages, thanks to the "Hole
in the West," through which liquor
refreshments found its way to the
capital. In anticipation of luxury
and turn-over taxes which will be
effective after today, Berlin had
its final fling last night. All reser-
vations at hotels were gone days
ago.

completed the preparation of a
complete survey of the wage situa-
tion as it is affected by the high
cost of living, with a view to sub-
mitting a report on which recom-
mendations for salary increases
can be based.

Some of the most capable em-
ployees in the city service are leav-
ing to accept positions in other lines
of work according to Colbourn,
who expects to have his survey
completed and ready for presenta-
tion at the next meeting of the
civil service board Tuesday night.
Some action will probably be taken
by the board to provide an in-
creased wage scale for municipal
employees.

Several weeks ago the board
ordered sweeping increases in
all city departments, in order that
salaries might keep pace with in-
creased living costs, but the recom-
mendation was killed by the city
council. Since that time, all mu-
nicipal departments not under con-
trol of the council, including the
school board, park department,
recreation department and library
board, have adopted the recom-
mendation and put the suggested
increases into effect.

A general feeling of discontent
has been growing among city em-
ployees whose salaries have re-
mained stationary for some time,
and many are not able to "make
both ends meet" and are not re-
ceiving as much as they were in
1914, considering increased living
costs. Other large cities, according
to Colbourn, are one after the other
taking steps to provide better sal-
aries for their employees.

Police Asked to Look for Missing Husband

Suspecting that her husband has
eloped with another woman, Mrs.
Henry McMahon, of Hayward, has
appealed to the Eastbay police to
confirm or disprove her suspicions.
McMahon, she says, dropped out of
sight December 29. McMahon is 53
years old and was employed by the
Union Construction company.
Search has been started by the
Oakland police for Mary N. Files, 26,
1017 Sixteenth street, who started
for Stockton on December 30 and
did not arrive at her destination.

USED FURNITURE May be Bought or Sold Here!

During the war, when the manufacture of furniture was limited, by government action, the John Breuner Co. inaugurated an Exchange Department—a clearing house where one family might buy what another family no longer needed. So popular was this furniture conservation idea that it has been made a permanent part of this store's business.

It works two ways.

If you have furniture you no longer like—if you've moved and have pieces that don't fit in the new house—if you long for the modern style of furniture, but feel it isn't right to throw what you have away—you need Breuner's Exchange Department.

Come in, select what you wish and tell the salesman you have furniture to exchange. A representative will be sent to your home to estimate the value of what you wish to turn in and you will be told just what credit can be allowed you for the old pieces or suites.

Make that old furniture help you buy new.

On the other hand, if you need odd pieces of furniture, perhaps you can find just what you want in our Sixth Floor Exchange Department where furniture that is traded in by customers is sold as used furniture.

It's an excellent way to save money.

And remember you get the usual Breuner terms when making use of the Exchange Department.

Nation-Wide Crusade on Reds Will Be Put Under Way Soon; 250 Taken in Raids

LEASD WIRE TO TRIBUNE. WASHINGTON, Jan. 2.—The raid in Chicago last night which resulted in the arrest of some 200 persons, alleged to be concerned in plotting overthrow of the government, is but the first step in another nation-wide roundup of these agitators, it was learned at the department of justice. If plans, which have been carefully laid, do not go astray, the raids will be extended to other cities and it is believed that the arrests will equal those made in Chicago.

Since the series of raids made upon the Union of Russian Workers' department of justice agents have been carefully and secretly planning to clean up other organizations which are considered as dangerous to the government. It is understood that the raids, which were started in Chicago last night, may be followed today by arrests in New York, Boston, Cleveland, Seattle and other large cities.

Deportation will be asked for in the cases of those aliens who are caught in the dragnet, it was stated at the department of justice today. Officials were hopeful that the present roundup would not miss some of the leaders who have been elusive up to the present time. It is known that there are several leaders at large who were stated as passengers for the first "soviet ark" but who escaped arrest.

BY INTERNATIONAL NEWS SERVICE. LEASD WIRE TO TRIBUNE. WASHINGTON, Jan. 2.—Attorney General Palmer today denied charges made by State's Attorney Hoyne that the department of justice had failed to co-operate in the raids last night in Chicago which resulted in the arrest of some 200 or more alleged "reds."

"That charge is ridiculous," said Attorney General Palmer. "We have always tried to co-operate with state officials. Of course, Chicago is only one city and we cannot always tell what all of our plans are."

Hoyne also said he believed some one had tipped the "reds" off as to the coming raids.

The drive against the so-called radicals resulted from an organized campaign of Chicago merchants, bankers and businessmen to rid the city of those who are seeking to overthrow the government.

The campaign has been under way for nearly five months. The businessmen have been meeting secretly for several months. Plans for the raids were made at these meetings. The situation was regarded as a menace, and a fund was subscribed to pay the expenses of a thorough investigation of conditions.

More than \$40,000 was spent in this investigation. Operatives of a private detective agency made a complete check of the leaders of the radical organizations, their publications, print shops and their municipal propagandists.

Attorneys of the state's attorney's office took an active part in these investigations. Hoyne made frequent trips to Washington to collect the aid of the attorney-general, and declares that Palmer recently promised the requested aid.

PLANS MADE TO ASSASSINATE OFFICIALS. Hoyne's operatives reported that a meeting of the "reds" had been called for January 17 at which plans for the assassination of several public officials and for the overthrow of the government were to be discussed.

Hoyne's operatives, who, posing as anarchists, had been able to attend several meetings of these "reds," reported that plans for this meeting had suddenly been changed. The date was changed. The meeting would be held January 1 instead of January 17 as originally planned.

Hoyne hurriedly changed his plans and was ready to raid the meeting when his operatives reported that his movements had been "tipped off" to the "reds." Hoyne declared federal agents told his detectives, who were described as anarchists, of Hoyne's visits to the federal building. A short time later the meeting was called off by leaders of the anarchists.

Hoyne decided to proceed, however, with previously made plans for raiding I. W. W. headquarters. He declares federal aid had been promised him in these raids. A few hours before the raids were to be started, Hoyne received a letter from Attorney General Palmer.

"The letter requested me not to proceed with the raid as I might interfere with government activities," Hoyne said.

PLAN "DEMONSTRATION" FOR "POLITICAL PRISONERS" NEW YORK, Jan. 2.—Thousands of radicals from all parts of the country are planning a descent on the White House lawn on February 12, Janus's birthday, to appeal to President Wilson for the release of "political prisoners" from federal penitentiaries. Announcement of the proposed demonstration was made today by the People's Party, the Union, the organ which planned the "amnesty walk" on Fifth avenue on Christmas day, which was broken up by the police.

New Fire Ordinance Gets Second Reading
The new ordinance defining the city fire limits, brought before the council several days ago by Commissioner P. F. Morse, was given second reading and passed to print this morning.

Another attempt to get a permit for the erection of a public garage on Broadway near Mission avenue was made today by R. H. Adams. The council referred the petition to Fire Chief Elliott Whitehead.

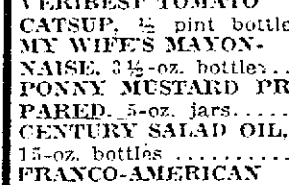

Authority to settle a claim for \$156 by the city against Walton N. Moore of San Francisco, whose automobile and two days and injured City Engineer Marston Campbell several months ago, was granted to City Attorney H. L. Hagan.

Hagan was also given authority to defend the city in a suit to quiet title to a piece of land at the intersection of Brooks and Golden Gate avenues.

CITY CAR REPAIR BILL IS HELD UP

A ruling of the city council that repair work on municipal automobiles must be done in the municipal garage was called into question this morning when City Auditor Harry Williams filed with the council a rejection of the claim of an automobile concern for \$475 for repairs to one of the police automobiles.

In support of his attitude Williams called the attention of the council to the old ruling under which the municipal garage must do all repair work on city machines. Reading of the rejection drew forth a protest from Commissioner of Public Health and Safety Morse.

"I cannot understand the auditor's attitude in this case," said Morse. "This is not a provision which, other bills for similar repair work have not been held up."

A suggestion by City Clerk Cummings that the council could overrule the rejection with a vote of four members was not considered advisable, and the entire question was referred to the city attorney.

The police car was badly damaged last October or when it was smashed by a car driven by Miss Gladys Livingston, 341 Perry street, and the repair work was done by a private concern.

Silva Begins Duty of Enforcing Dry Law

SAN FRANCISCO, Jan. 2.—Frank M. Silva, former assistant United States Attorney, today officially took over his newly created position of state enforcement officer for California in connection with the enforcement program to enforce the provisions of the prohibition law. Silva temporarily will have his headquarters in the federal building.

Some time with be needed, Silva said, to perfect his organization and until this organization has been accomplished his office will continue to receive the co-operation and support of Justice William C. Van Fleet, of internal revenue, and his staff.

Silva was sworn in today in United States District Judge William C. Van Fleet's court.

Carl Jensen, Escaped Enemy Alien, Caught

DENVER, Jan. 2.—Carl Jensen, enemy alien and alleged I. W. W. agitator, who made a sensational escape from the federal internment camp at Ft. Douglas, Utah, on Christmas eve, 1918, by snipping the highly charged electric wires which surrounded the camp, was arrested in Silverton, Colo., a month ago and brought to the Denver county jail shortly afterwards, according to an announcement made today by Department of Justice officials. He is now in jail here.

Lee Hoy, King of Berkeley Cooks, is Dead; Left 21c

BERKELEY, Jan. 2.—Lee Hoy, "king" of Berkeley cooks, is dead.

Hoy had a record for being the most faithful chef in Berkeley. For twenty years he officiated with a master's hand over the kitchen of the Glenwood Inn, 2214 Union street. Every night after his day's work was done he collected his wages, ignoring his countrymen he went out in the evening and spent his money where he lights shone brightest. Frequently his excursions ended in the police station. Despite his wanderings from the "straight and narrow" path, Hoy never missed a day's work. Policemen saw that he returned to his place of employment in time to prepare breakfast.

When Hoy passed away yesterday he had exactly 21 cents left from the wages drawn the day before to celebrate the advent of the new year. Hoy's funeral expenses will be borne by Mrs. Charles T. Gray, his employer, as a reward for faithful service.

SIXTH STREET

Open Wednesdays and Saturdays Only

Start the new year right by making your market purchases at Oakland's only Free Market, Sixth street, where we know you can save real money. We sell \$500,000 of groceries yearly and we are open only twice a week. There must be a reason. Come to the market and be convinced. Shop early as we close at 6 o'clock.

Our cleaners and finishing articles make clothing, shoes, etc., wear nicer, last two, three and four times longer; on starched clothing saves over half the soap, fuel, time, labor, starch, bleaching and requires relaunching about half as often. C. W. Geary tells and shows why in center aisle.

SUGAR PRICE
WILL RISE TO
14½¢ POUND

BY INTERNATIONAL NEWS SERVICE.

WASHINGTON, Jan. 2.—Nearly one million tons of sugar, harvested in Porto Rico, will be released for American consumption shortly, the Department of Justice announced this afternoon.

Sugar consumers may look for a retail price on sugar of about 14½ cents, or at least a very little more in two or three weeks. This announcement comes today simultaneously with the reopening this morning of the plant of the California and Hawaiian Sugar Refining Company at Crockett which has been closed since the middle of October for lack of a supply.

An official of the company, who did not care to be quoted by name, said:

"I do not look for any wild prices. Talk of 20-cent sugar is a joke. We will not be able to quote prices to wholesalers before the middle of January because we have not yet determined what the raw sugar is costing us but our price will probably run at about 13 cents."

The plant was closed when the Government allotment under food regulations were used up, it was explained.

Sugar has been arriving for the past few weeks from Hawaii, and will continue to arrive in increasing larger quantities. The reopening of the refinery is intended to be permanent. The output of the plant will be increased from about 600 tons the first day until a capacity

At What Age Are Women
Most Interesting?

Barrie propounded and answered a few universal questions about women in "What Every Woman Knows."

But there's one he didn't answer.

"Oh, that he had; if he only had," many a woman has sighed as she puffed up her coiffure, dallied with the rouge or dusted her dainty nose.

"If he had, we'd know just how young to look, you know."

Then a deep sigh, deep and soulful, providing of course one admits a soul doth inhabit the hurrying modern.

But, have courage, milady! Man, the despised but tolerated, the harassed but sought after, has come to your rescue. He has unburdened for your benefit the secret locked for ages in his breast. He has lighted the way. Let all follow.

"At what age are women the most interesting?"

That was the question that Jane Dixon of The TRIBUNE staff put to men who ought to be authorities on the question. She interviewed an actor, an artist, a dramatic producer, an author, a playwright and a sculptor, all of them at the very tip-top of their line.

The TRIBUNE readers will be told the results in one of the most interesting features this newspaper has been privileged to present. The first of the series will appear soon, exclusively in

CLUBWOMAN TO
EXPLAIN QUEER
PSYCHIC POWER

Ollah Toph of Indianapolis, clubwoman and friend of Booth Tarkington, has startled her friends and scientific investigators with what appears to be her marvelous powers of mediumship. Her veracity and sincerity are beyond question. She is not a professional medium and her psychic gift has been used only on intimate occasions.

In next Sunday's TRIBUNE Mrs. Toph will explain her powers, analyzing to the best of her ability, the strange ability which she seems to possess. "I am a psychic," she says, "having the gift demonstrable through mental phases. So far as the limit of my understanding regarding the gift permits, I shall tell—how. My gift is not commercialized."

Her article will be the next in The TRIBUNE's "Life After Death" symposium.

DRASTIC MOVE AGAINST MILK PRICES URGED

Drastic action is promised by the women of the bay cities at a meeting to be called in the coming week at the demand of the housewives' league, which is now making a general boycott of living programs. A general boycott will be declared, according to the league, if the price of milk is not lowered to a level which will be fair to the consumer.

The Alameda County Anti-High Cost of Living Committee announced this morning that in order to meet the demand of those who urge cooperation in resisting the milk scale which went into effect Thursday that the committee will meet in a public session within the next day or two to determine the time for a mass meeting. The Berkeley and Alameda leagues are operating a general boycott of milk, and the committee is listed in the campaign against high prices are being urged to assist in the fight.

SIXTEEN CENTS STANDARD. All milk in the Eastbay cities is today sixteen cents a quart, or nine and one-half cents a pint, making nineteen cents a quart for milk delivered in pint bottles. The Innis Dairy with pasture on the Foothill Boulevard, which yesterday morning announced that its price would remain at fifteen cents, in the afternoon delivery sent out notices to its customers that the new prices set by the Alameda County Retail Association would prevail. Officials of the dairy this morning declined to make any statements to the public except to say that there were reasons for the action. The dairy is not organized, but it is probable in April or May when the new feed comes milk will decline.

Consumers throughout the bay cities have been stopped by the supply of milk, according to officials of the housewives' league, which have waged a bitter fight against the increase in price. The boycott, which is not organized, is being carried on by individual milk dealers and there has been some slight falling off in customers. Demands are being made throughout Alameda county by housewives for an active boycott. Steps looking toward this action will be taken immediately and independently, although in entire sympathy with the housewives' league, according to several female leaders. There are further rumors that an attempt will be made to bring milk from outside sources, unless the price of milk declines immediately.

SAN FRANCISCO PLAN.

San Francisco housewives' league announced this morning that a general boycott of milk will be distributed in San Francisco by the Retail Grocers' association, according to an announcement made by Frank B. Connolly, president. The boycott will be carried on by the league, which will receive the first of the lower priced milk. It will be delivered to consumers free of charge with grocery purchases. More than 400 grocers will handle the supply. It is expected that it will soon be distributed by the entire 550 members of the Retail Grocers' Association. Boycott on eggs, bread and ice cream, effecting the boycott was declared yesterday by San Francisco Housewives' League. It will be continued at least two weeks. Boycott buttons will be worn by the 100 women who have pledged to organize their neighborhoods in the general campaign against high prices. A movement is being inaugurated to have milk declared a public utility.

THE AFTERMATH OF THE FLU EPIDEMIC

Necessity Pointed Out of Public Being on Their Guard for Years to Come

A prominent physician is quoted as saying: "It is altogether probable that as an after effect of the influenza there will be an unusually high pneumonia death rate for several years to come."

Warnings such as these are borne in mind and drive home to every person the necessity of prompt action in every case of cold—usually the forerunner of influenza, pneumonia and kindred ailments.

It is possible to afford effective relief for a cold by home treatment, especially if it is taken in its early stages. The remedy is a simple, effective, and safe, consisting of a few drops of the Grip Fix. This preparation contains Aspirin, Phenacetin, Quinine, Salol, Catechu and Camphor. Monomelic ingredients which a physician will say are the proper treatment for colds. So effective is it that Grip Fix relieves a cold in a day and a case of Grippe in 48 hours. This statement is made on a merchandise experience of over five years during which the preparation was used all over the country.

Get a box of Grip Fix tonight and take it home. Then, when colds come, a reliable treatment is at hand. Do not get the genuine Grip Fix. It is at all drug stores. It is a safe and effective work. It sells at 25 cents per box and can be obtained at any drug store—Advertisement.

MOTHER SAYS SON IS ROBBER SAN FRANCISCO NEWS AMMUNITION ON SHIP PUZZLE

SAN FRANCISCO, Jan. 3.—(Special.)—The man who would up and robbed Mrs. Lucille Orchard of \$20,000 in jewelry and \$1000 in currency in her apartment in Los Angeles on September 11, 1919, Paul Kriston, a stevedore at Pier 42, is under arrest and at liberty on \$1000 bail.

Kriston was arrested when his mother told Los Angeles police that the description of her son, Mrs. Orchard of the robber, tallied with that of her son. No robbery charge has been placed against Kriston.

STUDENT NURSES THREATEN WALKOUT. Unless changes in the management of the St. Luke's hospital are effected at the meeting of the directors of that institution Tuesday evening, seventy student nurses employed there will "pack up their trunks and quit," according to their threats. They complain of favoritism and the "tyrannical regime" of Miss E. A. Brown, superintendent of nurses.

AMMUNITION ON BOARD SHIP PUZZLES OFFICIALS. Four thousand and nine hundred pounds of rifle and pistol ammunition discovered on board the Venezuela which arrived here several days ago and is due to sail to the Orient on January 10, has thus far baffled the efforts of customs inspectors to explain its presence. It was discovered in lockers to which a number of persons have access and its presence cannot be traced to any one of them.

PIONEER CALIFORNIA BOOKSELLER DEAD. John J. Newborn, pioneer California bookseller, died New Year's day at the St. Francis hospital after a brief illness. He was 68 years old and came here thirty years ago establishing a retail and wholesale book business. He was born in London and first learned the book business in Canadian cities. For many years he was president of the Booksellers' Association of California.

SUPERVISORS TO CURTAIL PERSONALITIES. One supervisor will no longer "bawl out" another when controversies over city affairs develop with the adoption of a new rule.

JAPANESE MENACE SEEN BY SEN. REED

"Japan would be a constant menace to the whole Pacific coast of the United States if the covenant of the League of Nations is ratified in its present form," said Senator James H. Reed of Missouri at the Palace Hotel in San Francisco last night.

Senator Reed is making a determined fight against ratification of the league in the form the senate insisted upon by President Wilson. In part, the senator said:

"Under the terms of the league covenant Japan would obtain control of the islands north of the Equator. This chain of islands, when Japan has fortified them, as she undoubtedly would do, constitute a barrier between the United States and the Philippines. It places the latter at the absolute mercy of Japan."

"And not only that. With the control of the Marshall Islands, Japan placed 2000 miles nearer the Pacific coast than she has ever been. Also I believe that it will be found that she will be able to control the situation in the Pacific unless the United States possesses so large a fleet in those waters that Japan could never equal it."

"The situation in the Pacific speaks for itself. Japan has been allowed to obtain a stronghold on China. She has been given a free hand throughout the entire Orient. She already has taken over Korea completely. In addition she is now being allowed to control the situation in Siberia."

Senator Reed arrived in San Francisco yesterday morning and stopped over to attend the reception to Senator Hiram Johnson at the Hotel St. Francis in the afternoon. He departed last night for Portland, Ore., to visit his sister. He is accompanied by Mrs. Reed.

EASTERNERS TO VISIT OAKLAND MANUFACTURERS

Seventeen Eastern capitalists and business men will arrive today to the Pacific Coast in a special car, according to advice received at the Hotel Oakland today, and will visit this city during their tour, which will include the principal cities of California.

The party, whose members represent various large industries, will combine business and pleasure on the tour. It is reported that the manufacturers will look into industrial possibilities in this community. It is thought likely that the visit of the party will result eventually in the investment of a large sum of money in Oakland.

ITALIAN GENERAL VISITS HERE. Count Renato Piola Caselli, Italian general in the Italian army, who recently came to the United States to confer with the Commissioner of Immigration Camille, is here on a pleasure tour before returning to Italy. The regular date of immigration to America from Italy will be stemmed in some measure "now that Italy has regained possession of Fiume," said Count Caselli in discussing the immigration situation.

PEACE TREATY LEFT TO ENGLISH REPRESENTATIVES. In England we left the framing of the peace treaty to our conference representatives. If they made a mistake we have not as yet suffered by it," said W. E. Horne, member of parliament from Surrey, England, who is at the St. Francis hotel. "We thought that President Wilson represented the entire population over here and naturally fell in with his views," he said.

WOODCOCK DEFENSE FEARS PUBLIC OPINION. The defense of the public opinion roused by the acquittal of Edgar Woodcock on a charge of murdering Edward Kelly, attempts will be made by the defense in the case of the Kelly case to secure a continuance from the trial date now set, January 9, and a transfer from the court of Judge Louis H. Ward, who heard the case of Edgar Woodcock.

ST. LOUIS, Mo., Jan. 3.—Stephen Antioch, said to be secretary of the Communist party in the United States, was among 34 alleged radicals taken in raids by federal authorities here and in East St. Louis last night and this morning. Quantities of red literature was seized.

PORTLAND, Ore., Jan. 3.—Seven alleged radicals and five Americans who are said to be in the local organizations, were rounded up by federal operatives here last night and early this morning. A half-ton of radical literature was seized.

LOS ANGELES, Jan. 3.—Two alleged radicals were arrested by federal officers in Southern California as a part of the nationwide roundup last night. One was Benjamin Ling, a Lithuanian Communist leader, arrested here. The other was E. L. Lieberman, arrested at Fresno.

DENVER, Jan. 3.—Six alleged radical leaders—four men and two women—were rounded up by federal agents, assisted by agents from the bureau of immigration service.

Following raids by department of justice agents, assisted by agents from the bureau of immigration service.

Claims 10,000 in Spokane's I. W. W.

SPOKANE, Wash., Jan. 3.—Ten thousand I. W. W. comprise that organization membership in and about this city, it was made known today by J. D. Clark, an alleged I. W. W., serving a term in the city jail on a charge of criminal syndicalism. The statement was made in connection with the hearing of the State's motion for a permanent injunction to restrain the members of the I. W. W. in this country to continue their activities.

Practically one-third of their number, Clark said, are aliens. On cross-examination, Clark grew evasive and said that the organization here is so strong that it "could have destroyed all industries in this section last summer had it wanted to—but it didn't want to."

Authority Asked for Solano Co. Stage Line

SAN FRANCISCO, Jan. 3.—A federal judge today ordered the transportation line between Vallejo and Sacramento and touching at Dixon, Vacaville, Fairfield, Suisun and Cordelia, was asked of the State Railroad commission here today by Leonard Pronzman of Vallejo. The line would carry freight and express matter.

Berkeleyans Evince Interest in Census

BERKELEY, Jan. 3.—With the Berkeley Chamber of Commerce rooms as headquarters, census-taking in Berkeley started today in real earnest under the direction of Charles L. Donohoe, supervisor for Alameda county for the United States census department.

As evidence of the interest taken by Berkeleyans in the census, numerous inquiries concerning the work were made to headquarters concerning the tabulation activities.

Extra blanks will be supplied for all inquiries according to Donohoe and persons contemplating leaving the city will be forwarded blanks to be filled out in legal form and returned to the Bacon block in Oakland, headquarters for Alameda county.

A goal of \$8,000 has been set for Berkeley by Chamber of Commerce officials and an appeal has gone forth to all residents of the city to help in seeing that that figure is attained.

Bunnell Estate Valued at \$114,051

A real estate valued at \$114,051 was left to Catherine T. Bunnell, according to an appraisal filed today by the inheritance tax appraiser. The estate consists chiefly of Berkeley real estate and includes (value \$700,000.00), standing on books at \$12,000. Improved property at Channing Way and Fulton street, \$15,000, and improved property at Oxford and Cherry street, \$20,000. Twenty-five shares of preferred stock of the General Chemical Company of New York is appraised at \$2,500.

Ex-Service Men Go to Free Night School

More than 1,000 demobilized service men were assigned to their classes in the Knights of Columbus free night school last night, and today the work of dividing the classes among a score of more instructors will be completed by Principal J. V. Owens.

All service men enrolled, whether they received formal notification to report or not, were urged today by Albert C. Bagley, director of the Knights of Columbus war activities, to report to the school, located at 150 Golden Gate avenue, San Francisco, for assignment to classes. The members of the faculty will begin instruction Monday.

JUDGMENT FOR AUTO

—A judgment of \$750 against Oliver and Catherine Mulvaney for an automobile, which Regula charged the defendants with misappropriating, was rendered today by Judge A. J. S. Sore. The judgment was granted by Judge A. J. S. Sore, who rendered the judgment.

MORE THAN 4500 U. S. REDS BAGGED

(Continued from page 1.)

Uhl said that because of this condition he had urged the Department of Justice and the Bureau of Immigration to make no more raids at this time.

Department of Justice agents announced today that they were examining the literature seized in the raids last night to determine whether Ludwig C. A. K. Martens, self-styled ambassador to the United States of the Russian Soviet Republic, was connected with the distribution of the literature. If this connection is established they said they had sufficient evidence to warrant his deportation. The senatorial committee investigating Soviet activities will be notified of the result of the investigation.

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

PHILADELPHIA, Jan. 3.—More than 200 alleged reds were held for examination today by Department of Justice agents following raids on the Communist party headquarters last night and early today.

THOUSANDS TAKEN IN RED STRONGHOLDS.

CHICAGO, Jan. 3.—More than 1500 radicals have been taken in a score of cities throughout the central United States today by Department of Justice agents following raids on the Communist party headquarters last night and early today.

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

CLEVELAND, Ohio, Jan. 3.—Department of Justice agents will be started today against a large proportion of the 100 persons arrested here during the night in the drive against radicals.

STATE CONSTABULARY AIDS FEDERAL AGENTS.

WILKESBARRE, Pa., Jan. 3.—Federal agents and the entire local troop of state constabulary swooped down on alleged reds in this city early today and upward of twenty-five arrests were made.

ST. LOUIS, Mo., Jan. 3.—Stephen Antioch, said to be secretary of the Communist party in the United States, was among 34 alleged radicals taken in raids by federal authorities here and in East St. Louis last night and this morning. Quantities of red literature was seized.

PORTLAND, Ore., Jan. 3.—Seven alleged radicals and five Americans who are said to be in the local organizations, were rounded up by federal operatives here last night and early this morning. A half-ton of radical literature was seized.

LOS ANGELES, Jan. 3.—Two alleged radicals were arrested by federal officers in Southern California as a part of the nationwide roundup last night. One was Benjamin Ling, a Lithuanian Communist leader, arrested here. The other was E. L. Lieberman, arrested at Fresno.

DENVER, Jan. 3.—Six alleged radical leaders—four men and two women—were rounded up by federal agents, assisted by agents from the bureau of immigration service.

Following raids by department of justice agents, assisted by agents from the bureau of immigration service.

Claims 10,000 in Spokane's I. W. W.

SPOKANE, Wash., Jan. 3.—Ten thousand I. W. W. comprise that organization membership in and about this city, it was made known today by J. D. Clark, an alleged I. W. W., serving a term in the city jail on a charge of criminal syndicalism. The statement was made in connection with the hearing of the State's motion for a permanent injunction to restrain the members of the I. W. W. in this country to continue their activities.

Practically one-third of their number, Clark said, are aliens. On cross-examination, Clark grew evasive and said that the organization here is so strong that it "could have destroyed all industries in this section last summer had it wanted to—but it didn't want to."

Authority Asked for Solano Co. Stage Line

SAN FRANCISCO, Jan. 3.—A federal judge today ordered the transportation line between Vallejo and Sacramento and touching at Dixon, Vacaville, Fairfield, Suisun and Cordelia, was asked of the State Railroad commission here today by Leonard Pronzman of Vallejo. The line would carry freight and express matter.

Berkeleyans Evince Interest in Census

BERKELEY, Jan. 3.—With the Berkeley Chamber of Commerce rooms as headquarters, census-taking in Berkeley started today in real earnest under the direction of Charles L. Donohoe, supervisor for Alameda county for the United States census department.

As evidence of the interest taken by Berkeleyans in the census, numerous inquiries concerning the work were made to headquarters concerning the tabulation activities.

Extra blanks will be supplied for all inquiries according to Donohoe and persons contemplating leaving the city will be forwarded blanks to be filled out in legal form and returned to the Bacon block in Oakland, headquarters for Alameda county.

A goal of \$8,000 has been set for Berkeley by Chamber of Commerce officials and an appeal has gone forth to all residents of the city to help in seeing that that figure is attained.

Bunnell Estate Valued at \$114,051

A real estate valued at \$114,051 was left to Catherine T. Bunnell, according to an appraisal filed today by the inheritance tax appraiser. The estate consists chiefly of Berkeley real estate and includes (value \$700,000.00), standing on books at \$12,000. Improved property at Channing Way and Fulton street, \$15,000, and improved property at Oxford and Cherry street, \$20,000. Twenty-five shares of preferred stock of the General Chemical Company of New York is appraised at \$2,500.

Ex-Service Men Go to Free Night School

More than 1,000 demobilized service men were assigned to their classes in the Knights of Columbus free night school last night, and today the work of dividing the classes among a score of more instructors will be completed by Principal J. V. Owens.

All service men enrolled, whether they received formal notification to report or not, were urged today by Albert C. DENIAL MADE OF MARRIAGE OF M. CLEMENCEAU

PARIO, Jan. 3.—Announcement of the marriage of "Premier M. Clemenceau" to the widow of a "former senator and former ambassador of France," is made by the Paris press today. It is understood that this refers to gossip which has been current in Paris political circles for some days that M. Clemenceau had married Countess D'Aunay, widow of Count Charles L. Peleite D'Aunay, former ambassador of France at Bern. The marriage was said to have taken place in England a fortnight ago. An authority very close to the premier, however, declares the story is without foundation. The countess is of an American family.

Available records fail to show of what American family the Countess D'Aunay is a member.

MEXICANS PUT UP BAIL FOR JENKINS

WASHINGTON, Jan. 3.—Mexican interests in New York suggested to Luis Cabrera, minister of finance in Mexico, that bail be furnished to the United States Consul Agent William O. Jenkins from jail, to avert a diplomatic break, it was disclosed by the senate foreign relations committee today by Emilio Lopez Figueroa, a Mexican attorney of New York. Figueroa testified under protest.

"I deny the jurisdiction of this committee and its right and power to compel my attendance and examination on the grounds that this committee has no authority over alien residents, but can only compel the examination of citizens of the United States," he said. "Furthermore, it is a violation of the international comity as well as the courtesy which this country owes to alien residents, to compel such alien residents to testify concerning a matter concerning his country."

He said he was willing to testify if his objections were overruled. The committee told him objections were not sustained.

Questioned as to his knowledge of the telegram sent to Mexico, suggesting the release of Jenkins on bail, he said the telegram made the suggestion but did not name J. J. Salter, who was the man to furnish the bail. He said the only motive in sending the telegram was to prevent further strained relations between the two countries.

Asked if he knew the Mexican law on bail provided for bail only with the consent of the prisoner, he claimed ignorance.

Every Oakland Druggist Is Grossly Underpaid

How Much He Gives in Service Compared to What He Receives in Return

No professional man can compare with the community better or more conscientiously than the druggist. He accommodates you with postage stamps at cost, maintains a general information bureau, and free waiting room, his store is a first aid hospital conducted without reward, he gets up in the middle of the night to answer your emergency calls.

Night and day he is consulted often more than any other, and he gives his professional services without fee. His only reward, and it is a small one at that, comes when you make a purchase from his stock of merchandise.

You accept his recommendation just as you accept that of your lawyer, your doctor or your banker, because you know that his word is good and that he knows best. He can't afford to make mistakes—and he doesn't. He knows that his whole success in his chosen profession depends on accuracy—on skill—on keeping faith with his customers.

He stakes his reputation a hundred times a day with a hundred different customers—but his judgment is founded on knowledge and experience—the knowledge and experience of the men of his profession handed down through the ages through schools, colleges and text books—and the knowledge and experience which come in the day's work and in

others in his profession. The druggist of today doesn't guess—he knows. And one of the reasons he knows, because he insists that the preparations he sells shall measure up to the highest standards.

To recommend an article, the druggist must of course, know what it contains and how it is made, and this was one reason for the formation of a co-operative national association of druggists and physicians who prepare complete line of household remedies and toilet goods. This association is the American Druggists' Syndicate.

This is the largest enterprise of its kind in the world. More than 25,000 druggists and physicians own and operate it and guarantee its products. They know that A.D.S. Milk of Magnesia is the best in the world, they guarantee that A.D.S. Aspirin meets the highest standards of quality, they stand back of A.D.S. Peridol Tooth Paste—the Tooth Paste which whitens like Peroxide—because it is incomparably the best. And the same druggists in the same way guarantee every article of the entire family of A.D.S. products.

It means everything to you to have such a guarantee behind the remedies you buy—a guarantee based on the scientific knowledge and experience of thousands of experts. When you buy an A.D.S. product from an A.D.S. druggist, you may do so in the confident belief that you have secured the finest possible product at the lowest possible price.

Ask any A. D. S. Druggist for an A.D.S. product the next time you need any household remedy or toilet article sold in a drug store.—Advertisement.

The authorities state that more arrests will be made today and that the roundup will be continued until the city is purged of the "red" element.

ENTIRE GROUP HELD SUBJECT TO DEPORTATION

In the opinion of Inspector Thompson the entire group is subject to deportation and he expressed confidence that none of them can escape. He says he has been investigating their record for many weeks and that the charges will be easily sustained.

Most of those arrested are Germans, with a number from Russia, and one or two from England. One is a Chinese. Archie B. Crow is an associate of John A. New York publisher, and Thompson says he has been especially active in the radical labor group. Thompson says he is an Englishman, who left that country to escape service during the war.

The investigation leading to the arrest disclosed that the radicals have been working among the Chinese to enlist them in the Soviet movement. There are three local Chinese who have been investigated and one was taken.

LEAGUE LEADING JUDSONS MEET THE KRIEGS TOMORROW

BOXING GAME IN SAN FRANCISCO GETS OFF TO A BAD START WITH PAIR OF POOR CARDS

LEADERS MAY GET SURPRISE PACKAGE FROM H. McQUAIDE

Big Doings in Class "A" Division Should Be at Fruitvale and San Leandro.

By EDDIE MURPHY.

Here we are on the eve of another set of games to be put up by the boys sporting uniforms in the Class A Division of the Oakland TRIBUNE Mid-winter League and baseball fans of the Eastbay cities seem to be more joyful over it, than they have been on any other Saturday before a big game. The Judson Iron Workers appear like they will be the first fellows to parade into Pennantville, as they are well ahead of their rivals, the Halton-Dickers and C. L. Best Tractors and the distance to that town which every ball player in the country likes to reach, is only a short way off. Three more games for the Judsons and Tractors and four for the Halton-Dickers will leave some team safely in Pennantville, and then will begin the packing away of baseball suits and bats until the spring time.

The chance for the Tractors or Halton-Dickers beating the Judsons out of the flag are very small, but fans are holding out hope that the chance will grow to a large-sized one from two of the four games to be played in the class A division tomorrow. A couple of exciting ball games appear on the class A program, and the Judson Iron Workers will be at Fruitvale Recreation park to face the Halton-Dickers. The game will be a double-header, the first game being at 2 o'clock and the second at 7 o'clock. The Tractors will be at San Leandro, and the Halton-Dickers will be at Fruitvale. Twenty-Third Avenue Team At Richmond

Three games of the four scheduled to be played tomorrow in the Class B division of the Oakland TRIBUNE Mid-winter League may cause a big change in the standings of the leaders. The most important game in that division will be played at Hawthorne playground in East Oakland, between the California Cotton Mills and Peacock Autos, who are tied for first place.

REMEMBER THE SABBATH DAY

A Law Unto Man from the Beginning By DR. JAMES E. TALMAGE Of the Council of the Twelve, Church of Jesus Christ of Latter-Day Saints, Salt Lake City, Utah. Note: For free copies of other articles of this series, send request to the author.

The Church of Jesus Christ of Latter-Day Saints accepts Sunday as the Christian Sabbath and proclaims the sanctity of the day. We admit that under the Mosaic Law the seventh day of the week, Saturday, was designated and observed as the Holy Day, and that the change from Saturday to Sunday was a feature of the apostolic administration following the personal ministry of Jesus Christ. Greater to us than the question of this day of the week is the actuality of the weekly Sabbath, to be observed as a day of special and particular devotion to the service of the Lord.

The Sabbath was prefigured if not definitely specified in the record of the creation, wherein we read, following the account of the six days of creative work, "And God blessed the seventh day, and sanctified it: because that in it he had rested from all his work which God created and made." (Gen. 2:3).

In the early stages of the Exodus the Israelites were commanded to lay in a double portion of manna on the sixth day, for the seventh was a day of holy rest; and this was signified by the Lord's withholding manna on the Sabbath day. (Exo. 16:23-26). There is no proof that Sabbath observance by Israel at this date was an innovation; and it may be reasonably regarded as a recognition of an established order by re-enactment in the new dispensation. Later, when the decalogue was codified and promulgated on Sinai, the Sabbath law was made particularly explicit, and the Lord's rest was cited as its foundation:

"Remember the Sabbath day, to keep it holy: Six days hath the Lord made the heaven and the earth, the sea, and all that in them is, and rested the seventh day: wherefore the Lord blessed the Sabbath day, and hallowed it." (Exo. 20:8-11).

The keeping of the Sabbath as a day of repose from toil and of particular devotion came to be a national characteristic of the Israelites. The observance of the Sabbath was a distinctive sign of the covenant between Jehovah and His people. See Jer. 17:19-22.

In the course of Israelish history successive prophets admonished and rebuked the people for neglect or profanation of the Sabbath. Nehemiah ascribed the affliction of the nation to the forfeiture of Divine protection through Sabbath violation (see Neh. 13:18-22); and by the mouth of Ezekiel the Lord rebuked the Israelites for the Sabbath as a mark of His covenant with Israel, and sternly upbraided those who profaned the day (see Ezek. 20:12-17).

To the detached branch of Israel, which, as the Book of Mormon avers, was transplanted to American soil, Sabbath observance was no less an imperative requirement. See Jarom 1:3; Mosiah 13:15-17, 18, 27.

Long before the birth of Christ the original purpose of the Sabbath and the spirit of its service had come to be largely lost sight of among the Jews; and rabbinical rules had introduced numerous technicalities, which made of the day one of discord and severity. This condition was strongly denounced by our Lord in reply to the many criticisms heaped upon Him because he ate and drank with the publicans and sinners on the Sabbath. "The Sabbath was made for man, and not man for the Sabbath," said He, and then continued with the profound affirmation: "The Son of man is Lord also of the Sabbath." (Mark 2:27-28).

Christ came not to destroy the Law of Moses but to fulfill it; and through Him the law was superseded by the Gospel. The Savior rose from the tomb on the first day of the week; and that glorious Sunday, as a new era was rendered forever memorable by the bodily visitation of the resurrected Lord to the assembled apostles and others. To the believers in the crucified and risen Savior Sunday became the Lord's Day (Rev. 1:10), and in time took the place of Saturday as the weekly Sabbath in the Christian Church.

The Church of Jesus Christ teaches that Sunday is the acceptable day for Sabbath observance, on the authority of direct revelation specifying the Lord's Day as such. In this, a new dispensation, and verily the last—The Dispensation of the Fulness of Time—the law of the Sabbath has been re-affirmed unto the Church. It is to be noted that the revelation, part of which follows, was given to the Church on a Sunday (August 7th, 1831):

"And that thou mayest more fully keep thyself unspotted from the world, thou shalt go to the house of prayer and offer up thy sacraments upon my holy day. For verily this is a day appointed unto you to rest from your labors, and to pay thy devotions unto the Most High. Nevertheless thy vows shall be offered up in righteousness on all days and at all times. But remember that on this the Lord's day, thou shalt offer thine offerings and thy sacraments unto the Most High, confessing thy sins unto thy brethren, and before the Lord. And on this day thou shalt do no other thing, only thy food be prepared with singleness of heart that thy fasting may be perfect, or, in other words, that thy joy may be full." (Doctrine and Covenants 59:12).

physical well-being of man, than for his spiritual growth, but, primarily and essentially, we regard the Sabbath as divinely established, and its observance a commandment of Him who was and is and ever shall be, Lord of the Sabbath.

Peter Is Transformed by Crucifixion Rises From Coward to Brave Man

Subject: "Peter Preaches at Pentecost." Golden Text: "Whosoever shall call on the name of the Lord shall be saved."—Acts 2:21.

PETER STOOD UP. Unless we accept the story of the resurrection of Christ and the descent of the holy spirit upon the disciples, we have no method of accounting for the marvelous change in Peter and the other disciples. Filled with consternation at the arrest of Jesus, Peter denied him, and the other disciples scattered. We find him in the lesson today standing up with the eleven and preaching publicly to the men of Judea. And all ye that dwell at Jerusalem, not only declaring his allegiance to Jesus, but denouncing his hearers as the murderers of Jesus. We find that Peter's timidity and cowardice had been completely overcome.

It is not only interesting but extremely important to consider the change which had been so recently touched by the experiences of the resurrection and the descent of the holy spirit, and we are particularly interested in the change in Peter. Methodist church this year is now in full swing and news is already coming from all the various sections of the church.

Epworth Notes

COUNTY PRESIDENT SPEAKS: Looking back over the past six months since the new cabinet took office, we know that we owe the opinion of the majority of the Epworth Leagues when we say that it has been a period of advancement in every direction. All district departments have put over their program, and are actively planning the work, and then working the plan. Thanks to the excellent leadership of the Vice Presidents and other workers, the aim and hope that the alliance president had when he took office is being slowly realized. This was that the efficiency (if we may use that word) of the Epworth League should be such that each one might be working the whole program of the league and church in his own home.

THE OUTSTANDING event of the past month was the Win-Min-Chum campaign. Reports are still coming in of new members won, of renewed spiritual interest, of the part of the old members, and of follow-up plans to reach those who were not won during the intensive campaign. Leaguers, keep your chum working plans every week in the year. The next important task along this line is the Morning Watch Enrollment Sunday, on January 4. Mr. Rothensieffer can tell you how to plan it.

Much credit is due Miss Ina Gregg, who as second vice-president, promoted the formation of a number of study classes in Christian Americanism. Her boundless energy, enthusiasm and her work in procuring leaders for classes where such were needed, made a success of perhaps the most difficult department of the league work. Her untiring work made it impossible for her to keep her office, and her resignation was regretfully accepted in October. Miss Grace Bonham, a close friend of Miss Gregg's, and a league of wide experience, has been appointed for the rest of the term. We can be assured that she will carry out the whole department program with the same energy and enthusiasm.

One of the many pleasant features (and they were many) at the last rally was the very generous offering of both money and supplies for the League of the Young People's League. An increasingly large number of the leagues are being interested in the work of bringing cheer and encouragement to the children of the League of the Young People's League. The department of social service is planning to get all the leagues in line of work, and to bring the League of the Young People's League to the attention of the public. Anniversary Of Pilgrims Celebration

The Congregational denomination will celebrate this year the three hundredth anniversary of the landing of the Pilgrim Fathers. An extended progressive campaign is under way in all the churches. The pastor, Rev. C. L. Kloss, of Plymouth Congregational church, in consonance with this program, will present at various times appropriate sermons. To subject Sunday morning will be "The Pilgrim Spirit in the Twentieth Century."

At the evening service Rev. George H. DeKay will give an address on "Life on an Army Transport." Mr. DeKay, who served in the army transports conveying troops to and from the allied front. He made ten trips to Europe and back, and has done a unique service in a most difficult field. He was assigned to the U. S. S. "Albatross," and was a witness of the doughboy's life on the sea. He will tell us in his graphic, out-of-the-ordinary story, Sunday evening.

To give some time each week to this greatest of all efforts, winning the boys and girls for Christ through the Junior League. "Do you know what the Junior League is for?" First, to teach the boys and girls to read the Bible, to know the history of our church; the Bible. Is there any service better than that? And there is much more to it. Our aim: "Junior League in every church in the county."

ELISIE MACKENZIE MAY, CHORISTESS. As Choristess of the County Alliance, I would call attention to the following plans which we hope to put in effect this coming year. First, more singing and better singing at the monthly executive meetings. Alameda County Leaguers can sing and improve over the present volume and quantity of song. Second, the formation of all county choruses for the quarterly rallies and the spring convention. Third, the formation of a large orchestra or symphony to take part in all county alliance or other event. Fourth, the formation of a band to play at the quarterly rallies and the spring convention. Fifth, the formation of a large orchestra or symphony to take part in all county alliance or other event. Sixth, the formation of a band to play at the quarterly rallies and the spring convention. Seventh, the formation of a large orchestra or symphony to take part in all county alliance or other event. Eighth, the formation of a band to play at the quarterly rallies and the spring convention. Ninth, the formation of a large orchestra or symphony to take part in all county alliance or other event. Tenth, the formation of a band to play at the quarterly rallies and the spring convention.

YOUNG PEOPLE'S GATHERINGS. C. M. GASS. The annual convention of the Epworth Leagues of the Methodist Episcopal Church for the Oakland district is being held at the Methodist Episcopal church, Twenty-second and Broadway, Oakland, March 12, 13 and 14. Dr. Dan B. Brummitt, editor of the "Epworth Herald," will come from the College of Pacific, Honolulu, to be one of the principal speakers. Others on the program will be: President David P. Barrows of the University of California, President Tully C. Knies of the College of Pacific, Hon. A. J. Wallace, formerly lieutenant governor; the Rev. James Allan Geissinger and Bishop A. W. Leonard. Special attention will be given to the musical and literary features of the program. One of the chief events will be the projection of the moving pictures of the great Columbus Centenary and Feast.

Herb Treatments

When we think of thousands of Christians suffering from blood and organic diseases, commonly termed incurable, who could not, could not, could not...

cases commonly treat-
incredible, who co-
hard relief. The
herb treatments we feel a vast
great responsibility.
These are a few unusual cases
the treatment of which certain al-
should make known their ability.
Too much human suffering
been caused by the false notion
which prompts the doctor to cur-
his skill, to wait until the pa-
seeks him out. There is a wealth
sworn testimony of Dr. Sing's
to bear out this assertion.

Tribune Film Shows
Alameda Veterans

It is merely a question of which event holds precedence in interest centered on The TRIBUNE-T and D. News Weekly at the T. and D. theater this week.

The scenes caught by The TRIBUNE-T and D. cameraman show the Alameda Post of the American Legion leading applies for soldiers at the Letterman hospital; the grounds and staff of the East Bay Sanatorium, where an eight-story fireproof hospital is to be built; the congress-

tion of Sacred Heart church leaving last Sunday morning's services and Christmas at the county infirmary, where 100 self-appointed Santa Claus distributed gifts to the 600 unfortunate inmates confined there.

BURGERS TAKE ALCOHOL
SAN FRANCISCO, Jan. 2.—Cracksmen blew the safe in the office of the College of Physicians and Surgeons, 344 Fourteenth street, and stole \$100 in money, and \$100 in dental gold. The burglars then went into the clinic room and stole four gallons of alcohol, five gallons of formaldehyde and a gallon of lysol, and departed.

Iron Workers On
Strike at Portland

PORTLAND, Jan. 2.—A strike of approximately 100 men employed at the Smith & Watson Iron Works here was called this morning by Charles Kendrigan, secretary of the Portland Metal Trades Council. The strike action is the result, according to Kendrigan, of an announcement by the iron works management that wages would be cut 3 cents an hour, working hours increased and that the shop would be run on the "American plan."

SUGAR PRICE
WILL RISE TO
14½¢ POUND

BY INTERNATIONAL NEWS SERVICE.
WASHINGTON, Jan. 2.—Nearly one million tons of sugar, harvested in Porto Rico, will be released for American consumption shortly, the Department of Justice announced this afternoon.

Sugar consumers may look for a retail price on sugar of about 14½ cents, or at least a very little more in two or three weeks. This announcement comes today simultaneously with the reopening this morning of the plant of the California and Hawaiian Sugar Refining Company at Crockett which has been closed since the middle of October for lack of a supply.

An official of the company, who did not care to be quoted by name, said: "I do not look for any wild prices. Talk of 20-cent sugar is a joke. We will not be able to quote prices to wholesalers before the middle of January because we have not yet determined what the raw sugar is costing us but our price will probably run at about 13 cents."

The plant was closed when the Government allotment under food regulations were used up, it was explained.

Sugar has been arriving for the past few weeks from Hawaii, and will continue to arrive in increasing larger quantities. The reopening of the refinery is intended to be permanent. The output of the plant will be increased from about 500 tons the first day until a capacity

At What Age Are Women
Most Interesting?

Barrie propounded and answered a few universal questions about women in "What Every Woman Knows."

But there's one he didn't answer.

"Oh, that he had; if he only had," many a woman has sighed as she puffed up her coiffure, dallied with the rouge or dusted her dainty nose.

"If he had, we'd know just how young to look, you know."

Then a deep sigh, deep and soulful, providing of course one admits a soul doth inhabit the hurrying modern.

But, have courage, milady! Man, the despised but tolerated, the harassed but sought after, has come to your rescue. He has unburdened for your benefit the secret looked for ages in his breast. He has lighted the way. Let all follow.

"At what age are women the most interesting?"

That was the question that Jane Dixon of The TRIBUNE staff put to men who ought to be authorities on the question. She interviewed an actor, an artist, a dramatic producer, an author, a playwright and a sculptor, all of them at the very tip-top of their line.

The TRIBUNE readers will be told the results in one of the most interesting features this newspaper has been privileged to present. The first of the series will appear soon, exclusively in

CLUBWOMAN TO
EXPLAIN QUEER
PSYCHIC POWER

Ollah Toph of Indianapolis, clubwoman and friend of Booth Tarkington, has startled her friends and scientific investigators with what appears to be her marvelous powers of mediumship. Her veracity and sincerity are beyond question. She is not a professional medium and her psychic gift has been used only on intimate occasions.

In next Sunday's TRIBUNE Mrs. Toph will explain her powers, analyzing to the best of her ability, the strange ability which she seems to possess. "I am a psychic," she says, "having the gift demonstrable through mental phases. So far as the limit of my understanding regarding the gift permits, I shall tell—how. My gift is not commercialized."

Her article will be the next in The TRIBUNE'S "Life After Death" symposium.

PRISON LIQUOR
KILLS 17; TWO
BOY VICTIMS

CHICAGO, Jan. 2.—Chicago's list of wood alcohol victims since Christmas rose to 17 today with the report of four more cases of poisoning. Two of them were youths of 18 and 19, who confessed that it was their first drinks. John Walstrom, 16, died from the effects of his drink. Charles Bader, 19, is seriously ill and it is feared he will die.

TONIGHT! YES! YOU MUST!

You Can't Stay Bilious and Constipated. Your Liver and Bowels Need "Cascarets"—No Gripe!

Turn the rascals out of the head-ache, biliousness, indigestion, colds, the sour stomach and misery-making gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great. Cascarets tonight straighten you out by morning. They work while you sleep.—Advertisement.
